

GILLMORE  
BRITISH DESIGN

EditionTen

## Gillmore – British design

Welcome to the Gillmore product catalogue EDITION 10. It is always a joy to be sending out a fresh new catalogue and this one is particularly special as it is 20 years since the launch of our very first furniture collection.

Although two decades have now passed the Gillmore philosophy remains unchanged. Simply put this is to offer unique contemporary furniture delivered quickly by a small, friendly team.

The catalogue opens with the exciting new ADRIANA series. This ambitious collection of furniture features some mouth-watering new materials such as fluted glass and perforated steel. With a wide menu of colour choices Gillmore furniture has always offered designers and homeowners flexibility to personalise a design to suit, and this quality is no better illustrated than in the innovative new ADRIANA series.

Other highlights in catalogue EDITION 10 is the striking new IONA series of tables. Here we have created some wonderful 'hourglass' formations by inverting the popular conical table base shapes. Practical, timeless, and playful, IONA is modern design at its best!

You may be viewing our products for the very first time so within these pages we hope you find something truly inspiring, and for those regular clients who have been with us for years we hope our fresh new creations will enhance your forthcoming projects.

Enjoy browsing this catalogue and further product information can be accessed on the website [www.gillmore.co.uk](http://www.gillmore.co.uk). Otherwise call us for a chat or drop us an email; we can't wait to start working with you!

Adriana

# Iona

The playful application of contrasting cone shapes makes Iona a compelling new series of casual tables for the home. Featuring side tables, coffee tables, bistro tables and, for the first time from the Gillmore design studio, we present a bar table.

The marriage between luxurious materials and unique geometric form make Iona the last word in graceful contemporary design.

# Iona

Truly unique, the Iona 'hour glass' table base formations are created by inverting two cones in matching or contrasting colours.

# Oscar

With its distinctive conical base the Oscar tables are real statement pieces. This unique choice of coffee and dining tables is characterized by the spun stainless steel bases finished in brushed brass plate which support elliptical square, elliptical rectangle and simple circular tops. The top surfaces can be specified in white, brown and black marble or black and clear glass. These delicate, luxurious tops contrast beautifully with the bold solid bases.

Bases can be purchased separately with an adapter bracket to attach your own top. Contact us for more details.

# Alberto bedroom

Alberto offers superb bedroom storage options with 2, 4 or 6 drawer chests together with a matching wardrobe and stunning dressing table. Admired both for its beauty and for its functionality, Alberto is an absolute hit for the bedroom.

# Alberto choices

Designed with practicality in mind, Alberto has generous storage options and, being modular, the units are delivered in practical sized components relieving the issues of transport and installation. Furthermore, each eye-catching piece follows a standard scale which allows them to be placed alongside one another or stacked to create any number of combinations according to customer own requirements.

# Finn

## Tops

## Frames

Finn is a versatile new collection of Gillmore signature pieces for the contemporary living space.

The designs are characterised by beautifully shaped metalwork accentuated by a choice of cutting-edge materials for the tops. These include textured laminates bringing the industrial qualities of stone and wood to life which contrast beautifully with the classic refinement of marble and glass.

Finn crosses the boundaries between classic British contemporary design and 'Scandi' urban chic, making it a truly universal collection of occasional furniture, ideal for any discerning designer or homeowner.

## choose...

With an array of colour choices Finn allows you to mix and match bases and tops to your heart's content. Furthermore, the stone and wood surfaces are reversible allowing you to flip between pale and dark shades at any time.

# Finn

Dark and moody, the silky matt black frames pair beautifully with the cement and rust elements of the industrial stone tops. The 'Scandi' element is further enhanced with the application of the rich open grained wood finishes to create the ultimate urban retreat.

# Finn

Fresh, crisp and clean. The polished surface of stainless steel creates a stunning modern statement which is also highly durable.

The nesting ability of the tables creates a stunning trio of overlapping materials and colours.

A brass tray top is available with an eye catching spun 'anisotropic' brush finish.

# Finn

## choices

Elegantly functional, the dining chair has been designed to stack.

Simple upholstered pads are an optional extra to soften the feel of the bed headboard, dining chair and bar stool.

Flush or recessed tops? With black and smoked glass the choice is yours. By adjusting the height of the risers these surfaces can be lowered to create a tray top effect.

Available in five contemporary colours, a durable, easy clean woven fabric is offered for the upholstered components. Customer own material orders are welcome. Please note the coffee tables do not overlap with upholstered tops.

# Federico living dining

Federico is a mix of modern restraint and classic luxury. The deconstructed frame structure of each piece contrasts beautifully with the rich texture of the wood panelling and velvet upholstery to create a tactile and truly timeless series of bedroom and living room furniture.

## choose...

Materials used in Federico include brushed brass, matt black powder and polished steel for the frames. Weathered oak and black stained oak make up the panelled surfaces and the whole look is completed with the rich velvet upholstery colours. With such a depth of choice this comprehensive collection has a truly universal appeal.

# Fitzroy living, dining & bedroom

Elegant legs and a deep, luxurious dark wood finish give Fitzroy a graceful and timeless appeal. A comprehensive collection of tables and cabinets for living, dining and sleeping make Fitzroy a perfect furnishing solution for all rooms of the show home, townhouse or boutique hotel. The mid-gloss charcoal real wood veneer works in unison with the smooth, satin finish of the gun metal legs and handle plates. The subtle application of metal accents gives this classical range an extra dimension.

## Tray tops

brass

## Drawer tops

weathered oak

## Combination tops

We recommend weathered oak flat tops alongside any tray.

A refined collection of classic table shapes. From marble to wood, metal to glass, Iris offers the broadest choice of surface colours and textures. When combined, this rich palette can cater for any personal style from the vintage chic of brass and antiqued glass, to the industrial warehouse feel of gun metal and weathered oak.

Select from coffee tables, side tables and console tables, with flat tops, tray tops and drawer tops. Mixing and matching tops is integral to the character and adaptability of this collection. We particularly love the contrasting combination of the open grain texture of the weathered oak alongside the satin feel of the metal trays.

## Trade supply services

Gillmore was founded as a trade supplier and this activity remains the cornerstone of the brand. Excellence in product design and service has built an enviably loyal customer base that stretches back over two decades.

With an open minded and flexible approach that can accommodate trade buyers of all shapes and sizes, the company has developed a varied and extensive client base from across the UK and International interiors industry.

The key assets of Gillmore as a business supply partner are:

- Exclusive on-trend British contemporary design
- Commercially priced
- Quality assured
- Quick delivery from stock (direct to end user)
- Order volume flexibility
- Quality product photography

## Wholesale

From the UK warehouse the company ship consignments of any size throughout Europe. This responsive service caters for the needs of residential interior designers, show home specifiers, property investors and online retail platforms.

All wholesale clients are supported by a fully integrated website, printed catalogue, cloud-based photos, material samples and xml stock feeds. Using a secure trade login the dynamic website gives buyers access to trade prices, accurate delivery times and the ability to reserve and place orders with easy-to-follow delivery upgrade and payment options at checkout.

## Factory Direct

From our Asia production base, the company ship larger consignments worldwide with a variety of loading options and shipping terms. Catering for volume orientated buyers, the factory direct programme delivers substantial cost savings and is available not only on catalogue products but fully bespoke 'white label' designs too. Offering unique flexibility on quantities and payment terms plus rigorous quality assurance on every product shipped, Gillmore offers professional buyers peace of mind in the challenging world of international sourcing.

If you are passionate about design and have furniture requirements for your business **apply today for a trade account using the QR code or weblink.**

Trade

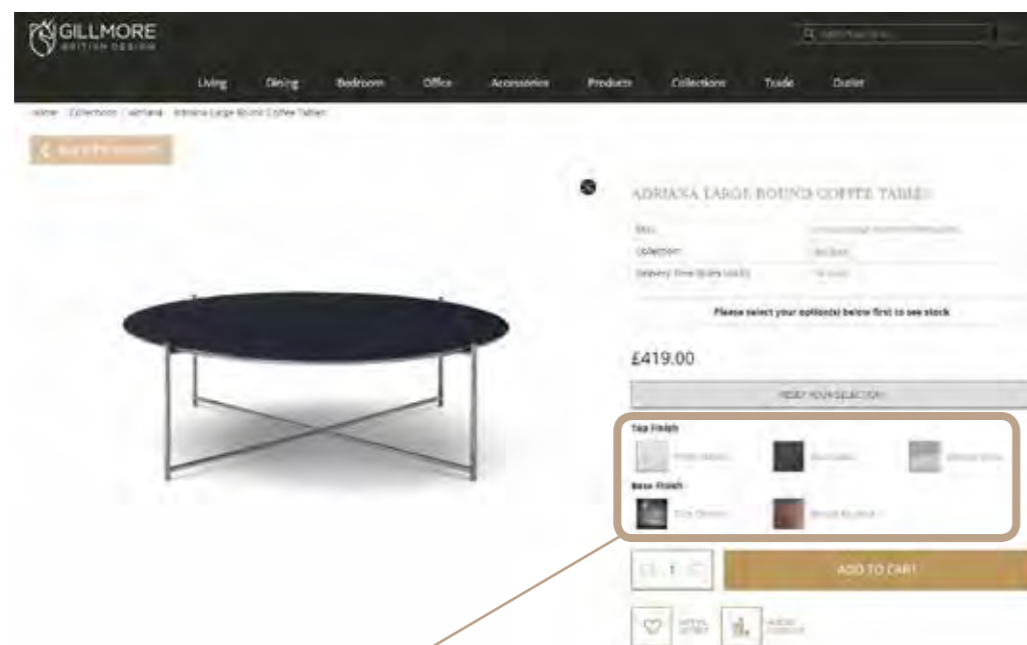

The Gillmore website is an indispensable, fully integrated finder offering fast navigation through the wide array of product styles and colour variations.

Whether it's downloading assembly instructions, checking dimensions or placing orders all your service needs are covered at the press of a button with further support via the live chat feature.

**Need more than what is showing in stock?** No problem. We publish incoming stock quantities with arrival dates too.

**Need something urgently?** Just filter your search by stock only. Plus there are express delivery upgrades available at check out.

**Unsure about your colour options?** Simply tick the component colour choices and your product is built with the corresponding price and stock information. If you would prefer to see a physical sample of a surface material before making a purchase these can be ordered online at:  
<https://www.gillmorespace.com/samples.html>

Descriptions and illustrations of any goods or materials are intended to be only a general representation thereof and are not intended to be reliable with regards to details and colouring. All measurements are approximate. All items must be ordered in writing using the product codes or via the website. Please read our full terms and conditions, available upon request.

Copyright of all material in this document, in print, in digital format or online, without limitation, text, logos, photographs and all other artwork, is copyright material of GillmoreSPACE Ltd.
